Informational Memo

NAMI Connection Recovery Support Group Facilitator Training

Friday, August 7 - Sunday, August 9, 2020

Via Zoom Video Conferencing

NAMI Connection Recovery Support Groups are structured support groups for those living with any mental illness, and are peer-based, mutual support groups that meet weekly, bi-weekly or monthly.

This 3-day training is for individuals living with mental illness who will commit to facilitating a support group in their local communities. Support groups must be facilitated by teams of two people, and we encourage people to participate in the training in teams of two, if possible.

The training will be held online using Zoom video conferencing. You will need a computer with internet access to participate. You must attend the full 3-day online session to be certified as a NAMI Connection Recovery Support Group Facilitator.

There is no cost for the training, however you are required to become a member of NAMI Missouri. Open Door memberships are available for \$5.00. You can [join online](#) or by submitting a [membership form](#).

Ongoing support will be provided, including promotional and resource materials needed to begin and maintain your support groups. All materials will be provided by NAMI Missouri through a grant from the Substance Abuse and Mental Health Services Administration (SAMHSA).

To apply, please [submit an application](#). The application deadline is July 10, 2020. After this date we will continue to accept applications for the waiting list and in case of cancellations.

Upon receipt of your application, the program director will call each applicant for a short interview. If accepted, additional information and materials will be mailed to you.
