

**NAMI Family-to-Family** is a free, 8-session education program for family, friends and significant others of adults with mental health conditions. NAMI Family-to-Family provides information about anxiety, depressive disorders, schizophrenia, bipolar disorder and other mental health conditions. Other topics covered include communication, problem solving, treatment and recovery.

**The course is designed to** increase understanding and advocacy skills while helping participants maintain their own well-being. The program is taught by trained family members who have a loved one with a mental health condition. NAMI Family-to-Family is an evidence-based program (EB). For information on the research base for the program, visit [nami.org/research](http://nami.org/research).

Classes begin Wednesday, February 3rd from 6:00 pm to 8:30 pm and continue weekly, every Wednesday through Wednesday, March 24th. Registration is required. Link to virtual class provided upon completed registration.

### Participant Perspectives

*“This course overall was the single most, without a doubt, helpful and informative thing ever offered in all my years searching for answers...it has helped me to understand better and communicate more effectively with my brother.”*

*“The course has helped me to realize that my son is still inside the body that is often times hidden by the mental illness and that I am not alone in this.”*
